# CONSIDER A FASCINATING CAREER IN POLICE WORK

Law enforcement is a unique aspect of government. Protection of its citizens is one of the most basic functions of any responsible government. Law enforcement is indispensable: there are no "snow days," no holidays, no sit-down time. Multiple shifts cover our city 24/7. At the Ponca City Police Department, we work in a team environment; our newest police officer has the same power to enforce the law as the chief of police.

The services offered by the Ponca City Police Department are essential to this community's well-being. Since our citizens have granted us a police monopoly, they expect us to provide the very best services possible; they don't have the ability shop around if we let them down. The Ponca City Police Department is looking for qualified candidates who have the motivation, interest and diligence to become excellent officers. Training is provided. Good police work calls for good people — contact us for more information!

## MOTORCYCLE COPS

The most visible addition to the Ponca City Police Department is our motorcycle unit. With their specially outfitted Harley-Davidson ElectraGlide bikes, powered by 103 cubic inch engines, these fellows seem to be everywhere around town and their work has made a positive difference in the behavior of Ponca City drivers!

## PATROL OFFICERS

Our Patrol officers are on the streets of Ponca City day in and day out, helping to maintain peace and deter crime. The department maintains a fleet of over fifty vehicles to assist in various aspects of patrol and public safety.

## K-9 CORPS

A police canine brings highly specialized skills to police work! The dog's primary task is to sniff out drugs, but he is also very good at finding and apprehending suspects in rural areas. Not many people run away when an alert police canine is on duty!

## TACTICAL TEAM

Tough and highly trained, Tac Team officers are equipped to deal effectively in the most difficult of circumstances. With specialized weaponry and equipment, our 16-man Tac Team is a powerful crime-fighting force, protecting our community. Regular physical fitness and practical training scenarios prepare this team to respond successfully to high risk incidents.

## COMMUNICATIONS CENTER

The 9-1-1 Communications Center is open 365 days a year, providing professional help to citizens in emergency and crisis situations. Highly trained dispatchers answer an average of 130-140 calls a day, capably identifying the immediate need and referring police, fire or ambulance assistance as required.
